

中国与世界，环境危机大家谈 WHERE CHINA AND THE WORLD DISCUSS THE ENVIRONMENT

## Slideshow: thirsty Beijing

[Olli Geibel](#)

October 20, 2010

Per capita drinking water resources in the Chinese capital have sunk to 4% of the global average. In a series of images, photographer Olli Geibel documents the city's predicament.

China has made a commitment to reversing the country's worsening desertification. Measures have included a mass tree-planting campaign, carried out in the run up to the 2008 Beijing Olympics.
